Good morning Deborah. First off, after some initial delays Bloomberg did correct the reference to you in their article: see <https://news.bloomberglaw.com/environment-and-energy/epa-names-interim-office-chiefs-during-biden-transition-period> Wording is now "Region 9, which spans the Pacific Southwest, will be temporarily headed by Deborah Jordan, the region's deputy regional administrator. "

Second, they've showed some real chutzpah and are requesting an interview with you: "California is an important state for our readers, and I'd love to be able to do a story about what the region's priorities will be under President Biden." I'm not sure that timing is right for that, but down the road it could be a good opportunity. We can perhaps talk it over at our 3:30 calendar review?

Regards,
